

2024 Florida: BCP LOST DOG B/D RX 0228

f12602708097020240228

Latitude: 26° 02' 16.8"
Longitude: -80° 59' 20.4"
Fire Ignition Date: February 28, 2024
Assessment Type: Extended
Pre-Fire Image Date: July 29, 2022 (S2A)
Post-Fire Image Date: August 07, 2024 (S2A)

This map portrays fire severity for the fire specified in the map title and summarizes proportions of fire severity classes. These data are produced under the National Burn Severity Mapping Project (NBSMP) jointly implemented by the USGS EROS and the NPS. The NBSMP ascertains the locations of fires based upon special requests from NPS staff members. The NBSMP reserves the right to correct, update or modify geospatial inputs to this map without notification.

* Areas in either the pre-fire or post-fire reflectance imagery containing clouds, snow, shadows, smoke, significantly sized water bodies, missing lines of image data, etc.
