

2024 Kansas: UNIT 24 RP3 RP4 CH3 CH4

ks3844009656920240405

Latitude: 38° 25' 19.2"
 Longitude: -96° 34' 04.8"
 Fire Ignition Date: April 05, 2024
 Assessment Type: Initial
 Pre-Fire Image Date: February 08, 2024 (S2B)
 Post-Fire Image Date: April 08, 2024 (S2B)

Acreage of Burn Severity	
Burn Severity	Acres
Unburned to Low	88
Low	2,982
Moderate	0
High	0
Increased Greenness	13
Non-Processing Area Mask*	43
Total	3,126

This map portrays fire severity for the fire specified in the map title and summarizes proportions of fire severity classes. These data are produced under the National Burn Severity Mapping Project (NBSMP) jointly implemented by the USGS EROS and the NPS. The NBSMP ascertains the locations of fires based upon special requests from NPS staff members. The NBSMP reserves the right to correct, update or modify geospatial inputs to this map without notification.

* Areas in either the pre-fire or post-fire reflectance imagery containing clouds, snow, shadows, smoke, significantly sized water bodies, missing lines of image data, etc.
